

**DID YOU  
KNOW...**

**GSC HAS A MOBILE APP!**

## WELCOME TO GSC on the Go™

You're on the go 24/7 – and so is GSC. Our free app, optimized for both phone and tablet (iOS, Android, and Windows), will help you quickly and easily access your benefits plan information. Fist pump!

### While you're on the move, you can:

- check your drug coverage with Drugs on the Go
- find a health provider near you
- submit an extended health care or monthly orthodontic claim
- show your electronic GSC ID card to your pharmacist or other health services provider
- submit a mock claim to see whether you are eligible under your plan, how much you will get paid, and other coverage information.
- view audit notifications and instructions on what to do if your claim is selected for an audit.

## IT'S EASY TO SIGN UP...

To access GSC on the Go™, you only need your user ID and password for Plan Member Online Services. If you're not registered, now is the time. Then simply download the app from your device's store and agree to the terms and conditions.

## IT'S EASY TO USE...

Once you sign in to the app, you'll be guided through all the features step by step. It's simple and intuitive. And no need to worry about the privacy of your personal information – our app is just as secure as Plan Member Online Services (as in, totally secure).
